Kids as Teachers is next week, Tuesday 27th February. It is a fun night where students become teachers and families become students. Everyone is welcome and we will finish the evening with a community BBQ.

I am writing to remind all members of our school community to ALWAYS put Children's Safety first and drive slowly, carefully and respectfully in and around the car park at all times. Please remember the speed limit is 10 kilometers an hour in the carpark. There has been an increasing number of unsafe incidents that put our students at risk.

- Slow down immediately on entering the school
- Please do not park in the disabled carparks, we have families that need these spaces to get their children safely in and out of their cars and to school.
- Please do not park in the five minute only parks. If you need to get out of your car and collect your children, please park in a designated car space.
- Please don't park in the drop off only zones, this is very unsafe with drivers double parking and the risk of harm to our students increases.

Before School Care

This is a reminder to all families that our school does not provide before school care supervision until 7.45am. No child should arrive at school before this time. We are fortunate to have Camp Australia provide quality before school care please contact them if you would like your child to attend on 1300 105 343. <https://www.campaustralia.com.au>

Kind Regards

Dalay

Dalay is the monsoon season.

The monsoon replenishes a dry thirsty land. Water gushes from rivers and creeks, and floodplains are buried under lakes of water. The water disperses seeds and new plants are sprouting.

Manmanma, or cyclones, seem more frequent and are a sign of a troubled planet.
